

## **Proposed/Possible Senario For Baseball Trip Spring 2009**

*1<sup>st</sup> Draft...Feb 25<sup>th</sup>...changes are very likely*

Although this is premature, here are some possible details for a baseball trip this spring. This request has been submitted to the Board, but will not receive the go ahead until next month's meeting...so this is strictly theoretical until that time.

The trip would be to Kansas City, Missouri (really Independence) and would involve a Saturday game. The school I have been talking to is very interested in a JV game to follow as well. We are working out arrangements to reserve a really nice field in Independence called Crysler Stadium. We have played at this location during past trips and it is a great little park...design is much like Chamberlin in Springfield.

We would take in the Royals game vs Baltimore on Sunday, May 17<sup>th</sup>. Group tickets for the location we've looked at will be \$15. Kaufman Stadium is just completing major renovations this month and the seats are part of the new area in left field. Link to seating areas of the park can be accessed by [clicking here](#). Looking at Outfield boxes 104-106. I need to make reservations for the tickets immediately because single game tickets go on sale Friday. I have currently reserved 50 tickets in this area. I can get more tickets later, but they will likely NOT be in this area. I can get group discounted seats for other areas of the park as well. I intend to make the trip even if we get rained out for the Saturday game.

Kids will be responsible for ALL their own expenses, including hotel, food & game tickets. I'm certain a stop at [Bryant's BBQ](#) will be in order as well.

Those who are interested in obtaining tickets for the Royal game should contact me ASAP. The initial order will be on a first come basis, I will always be able to get other tickets later, just not in the same seating area. Please do understand that if you order tickets you'll need to pay for them or find someone to take them so the team will not be out any money.

I will also be looking into hotel reservations as well. Once again, I will do this early and I'll need a commitment almost immediately for the early order. There will be plenty of rooms in Independence, but possibly not at the same hotel I'll be setting up for the team. Call or send an email immediately if you are interested.
